Dear Sherry & Steve,

I wanted to take the time to thank you for your help and care with handling my case. Obviously, having a monitor far exceeds having to go to jail. However, that doesn't mean there were no concerns or fears for a person not familiar with the program.

I wondered what people would think if they noticed the GPS unit in my pocket or the bracelet around my ankle. Fortunately, no one during my whole six month sentence with a monitor, ever noticed it or said anything. Diversified Monitoring Services was very helpful in informing me about the program and helped to set my fears at ease by working with me on my particular situation. Sherry and Steve thank you especially for your time spent in talking with me.

Sincerely,

John P
