Dear Pat,

Congratulations on your one year anniversary! As you know, several of my clients have been enrolled in your SCRAM Program and/or your Home Confinement Program, along with out-patient counseling. Thank you for making a difference in their lives. These clients were allowed to maintain their jobs, support their families and continue functioning on a day to day basis. You have brought a whole new meaning to the term, "alternative sentencing."

Many of my clients were initially hesitant to use this format, but once they became familiar with your office and personnel, they felt comfortable and well received. Due to the over population of our jails, there appears to be a greater need for all types of alternative sentencing. The out-patient counseling Diversified offers is also vital in changing the behavior and addiction habits of drug and alcohol offenders, rather than just strapping a bracelet on an ankle or a patch on the arm.

I wish you much continued success with all of your programs and services. I will be sending more clients your way.

Very truly yours,
